## **President's Report**

**February 10, 2014**

- 1. Grant Application** – Terry and I spoke with Dave Tyson a couple of weeks ago and Dave indicated that there would be grant money available for Water Main replacement. He indicated it was up to \$400K with a 25% match. Terry will be setting up a meeting in a couple of weeks in order to gather more information and we'll report back to the Board next month.
- 2. Dixie Highway Signage** – Last month, Janine Loftus contacted me concerning signage for Historic Route 1. Apparently many towns along Rt. 1 have signs similar to the one on page two. She wanted to know if we would be interested in putting up a sign in our town. She said the price would be around \$500.00, but we would have to install it. I told her we might be interested, but I would need more information. My thought was this project might be something the Beatification Committee could undertake. Once I have more information, I'll get back to the Board.
- 3. Snow Removal** – I would like to thank our Maintenance workers, Gary Dionne and Don Leveque, for their long hours and hard work fighting these endless snowstorms that we have endured. We have had over 5 feet of snow so far this year, and I have to say they have done a very good job of keeping the street clear. Hopefully, we will get some warm weather soon so that the snow can start to melt away and we can get our streets and alleys back.
