President's Report

November 10, 2014

1. **Beautification Committee** – The Committee has started completed the following items for this year.
 - a. **The replacing of the white fence by the Recycling**
 - b. **Painting of the curbs and parking lines**
 - c. **Replacing the grassing area in front of Village hall with new sod.**

A special thank you goes out to Marty Schaafsma for donating the new sod.

2. **Fratco 1999 Annexation** – I have been working with Ken and Dana on correcting the annexation of the Domco/Fratco property. Apparently, the wrong legal description was submitted when the land was originally annexed into the village back in 1999. Dana with address this issue.
3. **Apartment Building** - We have issued the building permit for this renovation project. I spoke with Rick today and he indicated that he was trying to get the outside of this project completed quickly before the winter sets in. Once he has the outside button up, he will be acquiring his building permit for the inside renovations.
4. **Water bill Delinquency's** - I would like to thank the committee for their work on the delinquent water bills. Once we start this project, I will ask Linda to give us a monthly report so we can all monitor the progress of recapturing this money.
